GIARDINO

LAGO

The personal retreat

A gem of a hotel right on the shores of Lago Maggiore, Giardino Lago is sublime and blissfully relaxed – a heavenly escape for the modern traveller. Quality of living, sustainability and friendly service underpin the concept and the image of this personal retreat. Striking shapes, colours and plush materials characterise the design. The hotel forgoes convention and stars, but plays up intimacy with 14 individually designed rooms and one suite that invite you to dream and relax. Luxurious Designers Guild fabrics, smoked oak parquet and playful glass elements expertly combine time-honoured tradition with modern living. And that's before we even mention the enchanting view of glittering Lago Maggiore, which seems close enough to touch.
