W VERBIER

Perched amidst the Swiss Alps, at 5,000 feet, Verbier is an extraordinary destination with W Verbier, the world's first W Alpine Hotel & Residences, leading the way. With more than 35 restaurants and bars and around 40 shops, Verbier is an active and dynamic place where with whenever whatever service, we've got it all.

Surrounded by only the best. The Place Blanche is the pivotal square where W Happenings are center stage.

With direct access from both the W Verbier and the W Residences, the Place Blanche serves as the arrival point of the ski slopes and hiking trails.

As the first and only international hotel brand in Verbier, W Verbier crosses the line mixing contemporary urban alpine design and energy-infused W Happenings with traditional Swiss culture.
