WE TALK ABOUT VIBES, WE TALK ABOUT TRIBE,
WE TALK ABOUT PASSION

SCHWEIZERHOF IS...

WHAT?

The Schweizerhof is a project born of Michel Reybier's wish to provide a new take on the art of mountain living. This involves reinterpreting existing codes and offering an elegant, extremely comfortable and guest-friendly hotel experience that is designed to be both distinctive and addictive.

WHO?

Michel Reybier. At the Schweizerhof, just as in the other collection hotels (La Réserve establishments, Mama Shelters, MOB Hotels...), Michel Reybier explores the idea of simple and sensible luxury that honors the family spirit and consecrates constant, sincere attention devoted to guests.

WHY?

The Schweizerhof is nestled in the heart of the Alps, in the legendary village of Zermatt at the foot of the Matterhorn. The birthplace of alpine mountaineering, this village single-handedly symbolizes boldness, freedom, as well as the pleasure of living, exploring, and above all sharing. Representing the exact opposite of ostentation, it is authentic and truly unique.

FOR WHOM?

Tribes of all ages, families, friends, sports enthusiasts and contemplative characters. People with a passion for peaks to scale and horizons to explore. Individuals seeking to let go and live life to the full.
