- a medical consultation (medical history and complete clinical examination)
- laboratory analyses
- tumoral markers tests
- radiology examinations (thorax, upper and lower spine)
- cardiology (ECG)
- morpho-nutritional analysis
- upper and lower abdominal ultrasonography

Price : **CHF 3'100.-**.

This check-up also includes a nutritional evaluation and an examination of the different stress-causing factors. If the physician proposes any further medical examinations and in agreement with the patient, these tests will be billed separately.

4. Treatment

The medical treatment generally calls in a support therapy combined with a personalized relaxation program specially conceived by Biotonus Clinique Bon Port : body cares (Spa-Jet, massages, hydromassages), physical training (work-out, individualized exercises programs) yoga sessions and beauty cares.

This program is progressive and every patient can participate regardless of his or her actual condition.

Option: acupuncture.

In order to obtain the best possible results, a two-week stay is recommended.
